

MORE HOUSES NEEDED.

An Urgent Demand Comes from all Quarters for More Dwelling Houses in Iola.

Iola needs fifty houses right now. She will need one hundred and fifty before the first of the year.

Go to the real estate agents and they will tell you that they have calls for houses every day from people who want to move to Iola, but who cannot come because there are no houses available.

And what are we going to do with the hundred or more families that will come here within the next three months to work in the new smelters? The Lanyon men will want a hundred more men. Where are they going to live? The Nicholson smelter will want at least seventy-five men. Where are they going to live? The two Rose Hill smelters will call for a couple of hundred men. Where are they going to live? The Lanyon and Nicholson men must live in Iola. Probably seven out of ten of the Rose Hill men would live here if they could get houses. What are we going to do about it?

That these houses would be good property goes without saying. There is not a rented house in Iola now that is not paying from ten to thirty per cent net income on its cost. And besides the income, the property is bound to increase in value. Lots can be bought now at from \$85 to \$150 that will be worth from \$150 to \$300 next spring.

There isn't another so favorable an opening in Kansas for the investment of capital as right here, for the investment would not only enhance steadily and rapidly in value, but it would bring a large return from the very beginning.

Who will step into the breach and make his own fortune while helping Iola take care of the crowds who are knocking for admission?

THE SUN

may shine brightly and the birds may sing their sweetest songs but if your stomach is not right there is no happiness for you. Keep a bottle of Dr. Caldwell's Syrup Pepsin in the house and use it according to directions and the sun and birds will not shine and sing in vain. Constipation and indigestion cured. Trial size 10c (10 doses) and in 50c and \$1.00 bottles. O. C. B. Spencer & Co.

A Chance For Waterworks.

Mr. J. M. Walker, a waterworks engineer of wide experience, was in Iola Monday and interviewed the mayor and other prominent citizens on the question of putting in a system of waterworks for Iola. He said Iola was the largest town in the United States to his knowledge without waterworks, and expressed surprise that our city should so long remain unprotected when a fire might come any day that would wipe out property worth twice the amount of the cost of a system of waterworks. Mr. Walker went on to Kansas City but promised to come back and address a public meeting on the subject at any time when it was thought desirable.

YOU ought to know that when suffering from any kidney trouble that a safe, sure remedy is Foley's Kidney Cure. Guaranteed or money refunded. Evans Bros.

Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I continued the medicine, and it cured me completely, building up my health and increasing my appetite. Although this was ten years ago, I have never yet had a sign of the disease to return.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

S.S.S. For The Blood is guaranteed Purely Vegetable, and is the only blood remedy free from these dangerous minerals.

Jackson & Co., Manufacturing Chemists, Indianapolis, Ind.

A Thriving Lodge.

The Knights of Pythias has always been one of the most ambitious and active lodges in town and it will have more interest for its members now than ever for the reason that it has just received an entire outfit of new paraphernalia. The ceremonies of this order are very imposing and give opportunity for elaborate costuming of the characters. It is this costuming which the boys have just purchased at a cost of over a hundred dollars and of which they are justly proud. There will be a district meeting of the order at Chanute on Friday, and the team from this lodge has accepted an invitation to attend and confer the third degree. A large number of the Knights will go down with them.

GOING DOWN HILL.

People suffering from Kidney Diseases, felt a gradual but steady loss of strength and vitality. They should lose no time in trying Foley's Kidney Cure, a Guaranteed Preparation. Evans Bros.

Another Storm.

Everybody thought that the storm of last week was only a flurry and that the clouds would clear away soon and the usual Kansas autumn of bright skies and crisp days would come back to us. The clouds cleared away Saturday, but they didn't stay cleared worth a cent, and on Tuesday it was snowing again and but for the full foliage on the trees we might think ourselves in the latter part of November. Where is the man with the goose bone and why has he not warned us?

BEATS THE KLONDIKE.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for consumption, coughs and colds. He declares that gold is of little value compared with this marvelous cure; would have it even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affection are positively cured by Dr. King's New Discovery for consumption. Trial bottles free at C. B. Spencer & Co's drug store. Regular size 50c and \$1.00. Guaranteed to cure or price refunded.

Omnibus Line Change.

The omnibus line between Iola and LaHarpe bids fair to become one of the most profitable sources of news in town. Last Thursday it was sold for the second and probably the last time to two young men from Colony, Arch Wiley and William Kelstott. They have bought Mr. Williams out and will conduct the line in about the same way as John DePuy, making such improvements as may from time to time be necessary. The young men are hustlers and will devote most of their time to this work, making the line thoroughly efficient to accommodate anyone.

FOUND.

At Evans Bros' drug store, a marvelous cure for all kidney complaints, nervous exhaustion and female weakness. It is Foley's Kidney Cure.

GAS CITY.

That is the Name of the Latest City to go on the Map of Allen County.

Capt. T. S. Stover began work Tuesday on the plat of E. K. Taylor's new town which is to be known as Gas City. The new city is to be located on what is known as the old Stowe place, just three miles east of Iola and the plat will occupy the north 80 and the 20 acres immediately south of it. The town will lie immediately north of the new McKee & Daly and the Cherokee-Lanyon Smelters, and the expectation of its proprietor is that the houses of the workmen who are to be employed in those plants will be built there.

And so we grow. The more the merrier.

NO GRIPING OR PAINS.

Arrowsmith, Ill., Jan. 22 1897. Dear Sirs:—I have been bothered for 15 years with constipation and I have tried many preparations during that time. I commenced using Dr. Caldwell's Syrup Pepsin in the fall of 1895 and unhesitatingly say it is the best remedy I have ever found for my trouble. No griping or pains after taking. Yours, WM. HURT. C. B. Spencer & Co.

A Late War Pensioner.

Application was made through T. S. Stover Saturday for the first pension recorded in Allen county from the late unpleasantness with Spain. Leroy K. Taylor, a member of Company K, 20th Kansas, who was stationed at San Francisco, was the applicant. He contracted a severe lung trouble during the service and was treated in both the field and city hospitals and finally discharged for disability. Being unfitted for active labor he prays to be enrolled on the pension list of the government and his application will probably be acted upon favorably as his hospital and discharge papers are considered sufficient.

IT HITS THE SPOT.

When suffering from a severe cold and your throat and lungs feel sore, take a dose of Foley's Honey and Tar, when the soreness will be at once relieved, and a warm grateful feeling and healing of the parts affected will be experienced and you will say: "It feels so good. It Hits The Spot." It is guaranteed. Evans Bros.

Charles Patee Dead.

Charles Patee who made his home in Iola for years and was widely known and esteemed, died at Smith Center, Kansas, at 6 o'clock last Saturday. For several years he worked on one of the papers here and the close confinement brought on the trouble, consumption, from which he died. Only a few short weeks ago he gave up his work and went to the home of an uncle at Smith Center. At that time the dread disease had made no alteration in his appearance, but quick consumption soon developed and claimed its victim. For weeks his strong young manhood, he was very nearly twenty years of age, withstood the attack, but last evening the light ended. Charlie Patee, a clean, honest, industrious, gentlemanly youth, is dead and a deep sorrow lingers in the memory and heart of all his Iola friends. He has a brother, night clerk at the Thompson House, a young sister and a married sister, Mrs. Jason Watson, living here. Arrangements for the funeral have not yet been made.

A SHORT SAD STORY.

A Cold, Neglect, Pneumonia, Grief.

Had Foley's Honey and Tar been used, this story would have had a happier ending. Evans Bros.

Pleasant Card Party.

Miss Clara Foust, assisted by Miss Maggie Bedell, entertained a few people last Friday in honor of her father's guest and former partner, Mr. R. H. Knight, of Pasadena, Calif. The guests were selected largely for their skill at and infatuation with cards, and the evening proved that the selection was good. Progressive high five was the game and the hours slipped by unnoticed while the contestants sought to win and hold the first table. The game was interrupted only once and then by the introduction of a dainty lunch. After it had received the careful attention it deserved, the cards were resumed, when the mid-night blast from the smelter whistles surprised everybody. The guests were: Mr. R. H. Knight, Mr. and Mrs. Lute Northrup, Mr. and Mrs. L. Hobart, Mr. and Mrs. C. H. DeClute, Mr. and Mrs. C. L. Whitaker, Mr. and Mrs. A. W. Howland, Mr. Sam Burrell and Will Brewster.

DO NOT BE IMPOSED ON.

Always insist on getting Foley's Honey and Tar, as it is positively, absolutely and unqualifiedly the best cough medicine. Accept no substitute. Evans Bros.

Another Sample Conversation.

Young Man: "Well, uncle, what are they going to do? Are they going to bond us fellows to buy this gas plant?"

Old Man: "They will if we let them."

Y. M.: "Well I don't intend to let them if I can help it."

O. M.: "I'll be honest with you now. Before, I was in favor of it and voted for it. But I have changed my mind now. I don't think it is the thing to do. It will simply furnish a fat job for a few men at the expense of the people. And I shall vote against it and do all I can to defeat it this time."

A Valuable Pamphlet.

The Kansas State Temperance Union has just issued a pamphlet entitled "The Enforcement of Kansas Prohibitory Liquor Law" which every individual interested in the enforcement of the law, every local committee, every civil officer charged with executive duties, should possess. Among other things the pamphlet contains (1) the full text of the prohibitory amendment and the prohibitory law and of all the statutes relating to the subject, together with useful citations of cases; (2) the statutes defining the duties of the various officers; (3) some of the most important provisions concerning criminal procedure; (4) an admirable discussion in regard to the duties of officers; (5) some exceedingly practical, clearly stated directions to the law-abiding citizen, pointing out what he can do toward securing a complete enforcement of the law in his community.

The pamphlet then goes specifically into the various things which a good law-abiding citizen can do, and these matters are discussed under the following heads: "Encouragement and Assistance to Officers;" "Procuring Evidence;" "Verifying Informations;" "Proceedings in the Police Court;" "Proceedings in the District Court;" "Injunctions," etc., etc.

Price of the pamphlet, 20 cents. Free to local committees in communities contributing regularly to the support of the state work. Write for it.

FREE PILLS.

A Young Life Saved.

This is a story of a parents' devotion and gratitude. Their fond daughter was seriously ill. The disease baffled eminent physicians. Finally the specific was found, used and perfect health followed.

Florence, the four-year-old daughter of Mr. and Mrs. William H. Sturdivant, of Grindstone, N. Y., was prostrated by a complication of ailments.

Her case became serious, seemed to be beyond the help of medical science.

Eminent physicians were unable to benefit her.

The outlook was discouraging.

Mrs. Sturdivant's brother advised trying Dr. Williams' Pink Pills for Pale People.

The advice was timely; the pills proved effective.

Little Florence was speedily restored to perfect health.

The parents are positive of the cure and Mr. Sturdivant even makes affidavit to that fact before H. W. Moore, a Notary Public.

"Florence was taken sick in February, 1896," he says, "with scarlet fever and we immediately called a physician. After two weeks the fever subsided but severe pains were constantly in her back and stomach."

"The difficulty seemed to baffle the efforts of the physician."

"Finally at the end of four months of treatment, she was completely prostrated."

"We called an eminent physician. He agreed with the diagnosis of our physician."

"He prescribed a course of treatment and we followed it faithfully for three months."

"Instead of improving, Florence failed."

"A brother of my wife, who resided in

Canada, but was visiting us, advised trying Dr. Williams' Pink Pills.

"I purchased a box of the pills and began to give them to Florence."

"After using the pills a short time we could see an improvement."

"Her strength began to return and her appetite was restored."

"When she had taken one box the pains in her back and stomach ceased and her recovery seemed certain."

"We eagerly purchased a second box of pills and watched with delight the change for the better that was being wrought daily."

"Florence finally became strong enough to walk a little. She gained in flesh and strength rapidly."

"By the time she had used three boxes of the pills she was evidently well."

"We continued the treatment using another box, the fourth, to prevent the possibility of a recurrence of the difficulty."

"We cannot praise too highly the value of Dr. Williams' Pink Pills. I am positive that without their use our child would have been a confirmed invalid."

"The evidence is irrefutable; Dr. Williams' Pink Pills for Pale People are veritable health restorers. Thousands testify to that fact."

"Composed of vegetable remedies, they act directly upon that vital element—the blood—in its impure state, and speedily restore it to healthful action."

"Dr. Williams' Pink Pills for Pale People are sold throughout the land."

SOME MORE MACHINERY.

A Newspaper Folder Added to the Register's Already Large and Up-to-date Equipment—An Ingenious and Interesting Machine.

The Eclipse Folder.

This is a fairly good picture of the latest piece of machinery to be added to the REGISTER equipment. It is called the Eclipse Folder, and is a most ingenious piece of mechanism by which the REGISTER will hereafter be folded, cut and pasted. The machine is adjustable so that it can be made to fold a newspaper of 4, 6, 8, 10 or 12 pages. It is run by power from our gas engine, and does its work very rapidly, folding from 1200 to 1800 papers per hour, thus saving a great deal of time and labor.

The REGISTER needs this machine simply because its business has grown to such proportions that it must make use of all possible labor saving devices in order that the paper may reach its readers in the best condition and with the least delay. By the addition of the Folder we will be able hereafter to send out the twelve pages of the WEEKLY or the eight pages of the DAILY whenever they are printed, which is likely to be quite frequently now, with the leaves all cut so that the paper opens like a book and will thus be much more convenient to handle. It will also afford our advertisers much more room to scatter their announcements instead of congesting them all on three or four "outside pages" for the reason that hereafter there will be no "inside pages."

Iola has been moving at so rapid a gait for the past year that it has taken a lively newspaper to keep up with it. The continued and increasing favor which the REGISTER has met, both from readers and advertisers, justifies the hope that it has measured up to the expectations of its patrons and the demands of the time. It is certainly grateful for the patronage it has received, and is glad to be able to promise for the future even better returns than in the past.
